The following are examples of reasonable roles and responsibilities that faculty members may wish to assign to SPPH teaching assistants:

- **Attend classroom sessions, participate in small group exercises**
- **Stimulate student interest, enthusiasm, and encourage student engagement**
- **Reinforce learning, but not deliver or repeat materials (e.g., for students who miss class)**
- **Emphasize relevant course content, provide examples to reinforce learning, and direct students to additional resources**
- **Respond to student questions and counsel students as appropriate**
- **Ensure students have access to relevant course materials (e.g., upload and update course materials on Connect, return marked assignments, etc.)**
Teaching Assistant Positions
2019/20

- Mark projects, papers and final exams
- Return marked assignments/exams to students
- Maintain accurate and complete records of student marks, attendance, completion of other course requirements, etc.

For research methods courses, additional duties may include: conducting computer lab tutorials, providing additional tutoring to students outside of class time, etc.

Qualifications
- Currently enrolled in the School of Population and Public Health
- Taken and passed the course with a first class standing or equivalent
- Working knowledge of software used in the course
- Excellent written communication skills
- Ability to prioritize work and meet deadlines
- Fluent in written and verbal English
- Ability to work in a team
- Prior experience with e-learning is an asset

Teaching Assistants will be required to attend the TA orientation session in early September and many of the TA training sessions facilitated by the Senior Teaching Assistant, SPPH faculty and experienced TAs. The training program has been designed to improve and help TAs excel in their teaching, serving the dual purpose of improving the student experience in SPPH and increasing the pedagogic scope and ability of the TAs directly involved in the delivery of their programs of study.

The allocation of TA hours for each course is primarily based on the class enrolment from the previous academic year.
